The fact that a lot of these famous people were related (there's many more than the ones in the above picture) was revealed on a number of sources some years back and then the people involved in this family business were all of a sudden like "wow, we're really related? we didn't know!" (yeah right!)

I won't mind being found to be related to anyone in the world, but please just save me from any link with Maddona and Camila Parker Bowles.

Never thought this day would come, Sasha, but I have to agree wholeheartedly with your statement above!

Now here's a newsflash:

John McCain will be the next US President, and Sarah Palin will be the first female Vice President of the US. Trust me on this one.

Assalamo 'alaykom

I made a video called "barack Zionist Obama and Israel" in which I showed clips of Obama praising Israel and palestinians suffering under Israelit occupation.

The video got 5 stars from almost everyone who watched it, a lot of people starting adding it to their account and and then suddenly the video was deleted and I was

given a warning by Youtube

No explanation was given as to why it was deleted...
